

Welbourn Church of England Primary School

'Believe, Excite, Succeed, Together'

Friday 28th January 2022

Dates for your diary

Dear Parents and Carers,

We've had another busy fortnight in school with lots of visitors. Mr Housam visited us from The Joy Foundation to deliver a worship about Love and Compassion. Rachael from Go Dance Studios delivered a dance workshop to each class and Mr Ainsworth, from Infinity Academy Trust came to review our maths provision. All visitors commented on how polite and well behaved our children were and the children were able to talk about their learning confidently. They said that they enjoy maths, like the challenges that we give them, problem solving and doing TTRockstars and Supermovers.

Free APP for maths (1 minute Maths) <https://whiterosemaths.com/1-minute-maths>

There is a new App which helps children to develop number facts and fluency and links to the scheme of learning that we use in school. This App is perfect to help your child develop with simple tasks and games. You can download it for free now!

Mental health and Wellbeing support

We are delighted to announce that we now have a member of staff trained in Lego Therapy and have a specialist from Need Bright Solutions working with us on a weekly basis to deliver interventions and support for the children. We also have training for all of the staff to develop a whole school approach to supporting mental health and wellbeing. We look forward to sharing some of our strategies with you next term.

Covid updates

We will continue to notify parents of close contacts of any children or staff who test positive and continue to follow our contingency plan if cases begin to rise in school. Staff will continue to wear masks in communal areas and we will continue to request that parents and visitors wear masks in school.

Parental help

Are there any keen gardeners who would like to help us tidy the front of school? We are hoping to plant some snowdrops in memory of our loved ones as part of our wellbeing worship on grief and loss next week. Any help would be greatly received during lunchtimes or after school. If you have any spare gardening tools we would love to use them too.

Film Night

On Friday 4th February, we are having another Film night, which has been organised by the School Council. We will be showing 'Back to the Outback'. Tickets cost £5.00 and this includes a hotdog, popcorn and a drink. Vegan and all dietary requirements will be catered for. Children can bring a teddy, cushion and pyjamas to get changed into. Children are to be picked up at 6.00pm. Please inform the school office if you would like your child/children to attend.

Please continue to check your emails, follow us on our social media sites to keep up to date with your child's learning and any further news.

Kind regards

Mrs T Boulter

Term 4 begins

Safeguarding

We are committed to Safeguarding young children. Our updated Safeguarding and Child Protection policy is on our school website. (TAB Parents/ policies) If you have any concerns about the welfare of a child, please call:

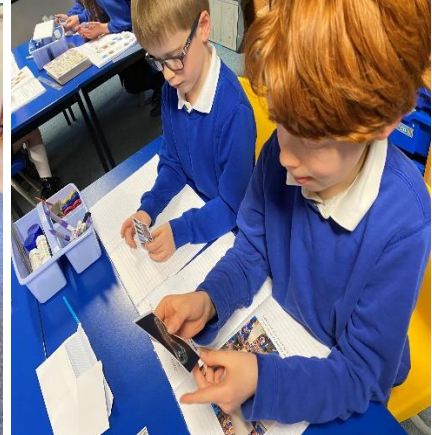

01522782111

Let's take a look at our learning this week ...

In Topaz Class, we have been learning about Islam and what they do when a baby is born and the rituals associated with the faith. We enjoyed our GoDance session and using Google safely to search for our favourite animal.

In Emerald Class, we enjoyed the dance session with GoDance, matched French and English vocabulary for vegetables and used clues to find out information about explorers.

In Amethyst Class, we have been making prototypes to test out our designs for D.T as we are making games using electrical circuits. We were investigating air resistance in Science and learning an African dance.
