

*'Believe, Exist, Succeed, Together'*

Dear Children and Parents of Topaz: Jambo! Welcome to our new topic 'Would you rather live in Kenya or Welbourn?'

As mathematicians we will be following the White Rose Maths scheme of work looking at numbers and measures - length, mass and volume.

As artists we will be: developing our skills in design and pattern. We will produce an expanding range of patterns and investigate textures by describing, naming, rubbing, and copying themed around African art and tradition.

As scientists we will: be talking about the features of our own immediate environment and how environments might vary from one to another. Identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals.

As Geographers, we will be exploring the continent of Africa through the skills of map, atlas and globe work. Understand geographical similarities and differences through Welbourn and Africa.

In RE, we will be thinking about Easter and reflecting on what God is like.

In English and Phonics, we will be following our Read, Write, Inc. scheme- learning our letter sounds, building on our reading and writing through different genres in our 'Get Writing' books.

As musicians, we will be following the Charanga unit Round and round.

In Computing, we will be using Digital Imagery to create and edit simple stories.

*Would you rather live in Kenya or Welbourn?*
